

PERSONALISED WEDDING SONG · MALLORCA, SPAIN

Our Song *Questionnaire*

To create your one-of-a-kind wedding song, we need to hear your story in your own words. The more detail and specific memories you share, the more personal — and magical — your song will be. There's no need to write beautifully, just answer honestly. Little details, inside jokes, and the specific words you use with each other are gold for us.

WEDDING VENUE

01 How You Met

Where and how did you first meet?

What was your first impression of each other?

Was there an app, a friend, or a place — how did fate bring you together?

What was your first date? Where did you go, what did you do?

02 Falling In Love

When did you first realise you were falling for them?

Is there a specific moment you both call “the moment”?

Do you have any nicknames, pet names, or private jokes for each other?

Is there a song, film, place, or object that reminds you of your early days?

What's something silly or unexpected that happened early on?

03 Life Together

What do you love doing together on a normal weekend?

Do you have any shared hobbies, passions, or traditions?

Have you travelled anywhere special together? Any favourite trip?

Do you have pets? Names and personalities?

Any daily rituals — morning coffee, a shared show, a walk?

What's something your partner does that always makes you laugh?

04 The Proposal

Who proposed, and how?

Where did it happen?

Was it a surprise? Tell us the story.

Any funny, emotional, or unexpected detail from that day?

05 Your Relationship, In Your Words

Describe your partner in three words.

What's your partner's best quality?

What do you admire most about your relationship?

What's a challenge you've faced together, and how did it bring you closer? (optional)

06 Looking Ahead

What are you most looking forward to as a married couple?

Any hopes, plans, or dreams you'd like mentioned (family, travel, a home, etc.)?

07 Style & Mood

What genre or artist's style do you love? (e.g. "like Ed Sheeran," "country," "soulful acoustic")

Should the song feel upbeat and fun, slow and romantic, or a mix?

Any specific words, places, or names that must be included?

Anything you'd specifically NOT want mentioned?
